

Lithium Battery Walk-behind Power Trowel

CT-424E

Single hand battery extraction, easy power change.

Optional independent hook.

Large capacity ternary lithium battery, high power charger.

Foldable handle for easy transportation.

Technical Specification

Model	CT-424E	Maximum Speed (rpm)	170
Disc Diameter (mm/in)	610 (24)	Battery Type	Lithium-ion
Foldable Handle	Yes	Battery Parameters	60V55Ah
Total Weight (kg)	87	Integrated Endurance (min)	180
Battery Weight (kg)	21	Charger Current	25A
Number of Blades	4	Charging Time Overview	0-60% 65 minutes
Blade Adjustment Method	Electric		0-80% 90 minutes
Motor Type	Permanent Magnet Synchronous		0-100% 140 minutes
Motor Power (kw)	1.2
